We Make IT Better

Eminent IT, LLC is a technology firm in Crystal City, Virginia that designs, develops and sells enterprise software and consulting services to the U.S. Government.

Our Products

We design each of our products to help teams save time.

Revamp I/O

A Secure Portal for Your Forms

Revamp I/O is web-based software that allows you to rapidly design “Forms” that are secure without writing code.

Visit www.revamp.io for more details and sign up for a 14-day free trial.

Revamp Foundation

.Net Libraries that Generate Code

Foundation removes the burden of the developer having to write all of the database and security code.

Recent Projects

Here a few projects that show how we use “technology”, “strategy” and the “right people” to take what our clients have and make it better.

REVAMP OF A WHITE HOUSE AND SECRET SERVICE SECURITY WEB APPLICATION

We provided consulting services to the Executive Office of the President to improve an application to ensure the security of the White House. Our efforts improved processes overall by 30% within the first six months.

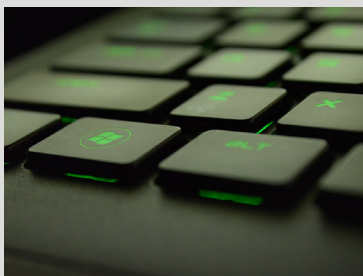

[Contract Awarded in 2016](#)

NETWORK & SERVICE DESK SUPPORT FOR WALTER REED NATIONAL MILITARY MEDICAL CENTER

Our team provided medical staff with better tools to help them serve more than 150,000 active and retired military personnel. Our efforts lead to an estimated 80% increase in productivity.

[Contract Awarded in 2016](#)

REVAMP OF MANPOWER AND FORCE MANAGEMENT SYSTEMS FOR ARMY INTELLIGENCE

Our team cut development time by 92% by using Revamp and improved productivity by over 1100%. The solutions helped speed up their business processes, removed vulnerabilities, and increased security.
